

LOGISTICS INFORMATION

HONDURAS

Honduras, in the heart of Central America, is a mountainous Latin republic of 8.1 million inhabitants, which works for its national development in various sectors: agricultural production, especially coffee, one of the best in the world, and bananas, the of manufacturing and maquila, the conservation of its generously rich biodiversity and the organic growth of tourism as a focus of community development.

80% of its territory is mountainous and it has 107 protected natural areas, including the second largest rain forest in the Americas, after the Amazon, and the second largest coral reef in the world, the Mesoamerican Reef.

A great diversity of flora, fauna and underwater life, history, archaeological sites, including the most important ceremonial center of the Mayan classic period, diving paradises, Caribbean beaches reviewed by the main specialized media in the world and diverse ways of being and living together in their different regions, waiting to discover what no one but you can experience.

CLIMATE

Honduras is located in a tropical position 15 to 16 degrees north of the equator, it only has two seasons, which are well defined: the dry season and the rainy season.

The rainy season begins in May and extends until July with a break during the month of August, it generally resumes in September until November when the dry season begins. Like much of central Honduras, the city of Tegucigalpa has a tropical climate, although tempered by altitude, meaning less humid than the lower valleys and coastal regions. It has two seasons, the dry and cold season that begins in November and ends in March and the rainy and warm season that begins in April and ends in October.

CURRENCY

The Lempira is the monetary unit of Honduras since 1931. Bills of 1, 2, 5, 10, 20, 50, 200, 100 and 500 Lempiras circulate.

The Lempiras exchange rate is variable daily and is controlled by the Central Bank of Honduras, as of July 31, 2022, the average lempiras vs. dollar rate is 24.61165 lempiras per dollar.

TELEPHONY

The country code is 504, fixed telephony is managed by HONDUTEL, a state company, and mobile telephony is provided by the companies TIGO and CLARO, who offer roaming services to other regional and global companies. International calls use the code +00.

TRANSPORT

Honduras has more than 15,400 km of highways, the country's main highway runs from Puerto Cortés in the Caribbean, passing through San Pedro Sula, Comayagüela, Tegucigalpa. Until reaching Nacaome and Choluteca in the south of the country, where the Pan-American highway also crosses.

Honduras has 6 seaports: Puerto Cortés, Puerto Castilla, La Ceiba, Roatán and Tela, which are located in the North of the Country with access to the Atlantic Ocean and in the South with access; to the Pacific Ocean only the port of Bocas del Henecán or San Lorenzo. Puerto Cortés is the most important in the country and together with Puerto Caja and San Lorenzo, they handle almost all of Honduras' maritime trade. The ports of La Ceiba, Roatán and Tela specialize in tourism, every week they are visited by international cruise ships with the capacity to transport between 400 and 800 international tourists.

Currently, the country has three international airports:

- International Airport Palmerola (XPL)
- International Airport Toncontin (TGU) Comayagüela
- International Airport Ramón Villeda Morales (SAP) San Pedro Sula

ELECTRICITY AND TELEPHONY

The voltage in Honduras is 110 Volts. Standard 2-pin grounded plugs are generally available. Take this into account to take a suitable adapter with you if necessary.

The international telephone code of Honduras is +504

Mobile phone operators are CLARO y TIGO.

We wish you a safe and pleasant visit in Tegucigalpa, and in any other destination you wish to select in Honduras. During your stay, feel at home and enjoy our city.

TAXI SERVICE

If you wish, you can request a taxi service recommended by the hotels. For your safety and comfort, we suggest City Tours through the following phone numbers: 2234-0344/9940-2607/3267-8254/2234-1002.

Please make sure you hire only official taxis to maintain your safety.

VISA REQUIREMENTS

Please consult [here](#) the annex sent by the SIM Project Management of the National Institute of Migration of the countries that Need and those that do not need Visa procedures to enter Honduras.

RECOMMENDATIONS ON SECURITY IN THE HOTEL

Please note that some areas of the hotel may be considered public. Do not leave your equipment unattended at any time.

Receptionists are trained to give information about tourist areas and areas or places to avoid.

If you have any questions about a particular place, you can go to the staff of the organizing committee.

Leave all valuables and money in the hotel's safe box.

RECOMMENDATIONS ON PERSONAL SAFETY

Try to always be accompanied when you want to visit the city. Let the event staff know when you want to go out to a place in the city alone or in a group to follow safety recommendations.

At the airport and in public places, do not leave bags or briefcases alone. Take special care with your personal computer, always keep them in your hands, bags, or cameras to carry on your shoulders, they should always be kept in front of you. Avoid carrying large amounts of money, jewellery, or other valuables such as cameras, cell phones and others on the street.

Use the ATMs located in public spaces where people congregate, do not use the ATMs that are in streets or lonely places. Do not receive anything from strangers on the street.

Whenever you go out, take with you the phone numbers of the hotel and the mobile phones of the organizing team of the event.

LOCAL ORGANIZERS - CONATEL

It is a decentralized state agency that executes, through regulation and coordination, the Telecommunications policy in the Republic of Honduras.

CONATEL was founded on December 5, 1995, by Decree 185/95.

Our mission

We are the specialized technical entity of the State of Honduras that regulates telecommunications services, manages the radio spectrum, promotes the development of Telecommunications and Information and Communication Technologies (ICT), promoting investment, universal access, by promoting competition, promoting quality of service and guaranteeing the rights of users.

Our vision

By 2022, reduce the digital divide to ensure that more than half of the population has access to Information and Communication Technologies (ICT), generating programs and public policies that contribute to effective competition and development.

THE NATIONAL UNIVERSITY OF HONDURAS VENUE

National Autonomous University of Honduras founded on September 19, 1847, with 8 Regional University Centers (CUR), 8 Distance Education Learning Resource Centers (CRAED) and 5 Telecenters nationwide, as well as an educational offer of 122 Programs of study in the year 2022.

The Organic Law allowed the UNAH to develop an education based on ideological pluralism, full academic freedom, study, research and linking the university with society; as well as the management and administration of their own resources.

Article 160 of the current Constitution of the Republic establishes that the UNAH enjoys the exclusivity of organizing, directing, and developing higher and professional education.
