

ITU ARAB RI2

Building confidence and security in the use of telecommunications/ICTs

PROPOSED PROJECT-2

“Human Capacity Building in child online protection (Train the trainer)”

Committed to connecting the world

PROJECT OVERVIEW

Project Name: “Human Capacity Building in child online protection (Train the trainer)”

Project Location (s): Least Developed Countries in the Arab Region

Project Expected Duration: 18 Months

Project Contact Information: Rouda.alamirali@itu.int

Committed to connecting the world

PROPOSED PROJECT BRIEF DESCRIPTION

This project aims at raising awareness on child online protection among the relevant stakeholders in the Arab region, and to assist national stakeholders in planning and deploying an effective and practical approach to COP that can be implemented in the country. ITU will assist in building human and institutional capacity of the different stakeholders dealing with COP issues; and to train of trainers on the tools & resources to be used to raise awareness on child Internet safety. Thus, it is expected to lead to the development of cybersecurity culture in these countries while moving forward on building relationships with COP experts, reinforce internal cohesion amongst national stakeholders; and enhancing regional and international collaboration.

PROPOSED PROJECT EXPECTED RESULTS

- Building capacity on child online protection through training activities,(ToT, Network of experts, and COP Portal);
- A raising awareness campaign in each beneficiary country;
- An assessment report on capabilities with some practical recommendations.

PROPOSED PROJECT INDICATORS

- At least one train of trainers workshop on COP issues;
- At least 2 participants from each beneficiary country attending the train of trainers workshop
- At least one workshop on COP National strategy;
- At least 10 senior officials / officers of the beneficiary Member States attending the COP national strategy workshop;
- At least one COP challenge;
- At least 60 students from the country attending the COP challenge;
- A final report on the project.

PROPOSED PROJECT ESTIMATED BUDGET

The proposed budget of the project is \$ USD 100,000 and this includes experts' recruitments, training materials developments and travel.

THANK YOU!
