# What to do on issue of a BR IFIC?

Is my Administration identified as affected by the Bureau's examination in publications?

Are my Administration's networks published?

Are my Administration's new submission published "As received"?

Checking in SNL lists of new publications and new notices

A screenshot of the ITU website. At the top left is the ITU logo (a globe with red lightning bolts) and the text "Committed to connecting the world" with language options "Español" and "Français". Below this is a navigation bar with tabs for "ITU", "General Secretariat", "Radiocommunication", and "Standardization". Under "Radiocommunication", there are sub-menus for "About", "Events", "Databases &amp; Services", "Publications", and "Space". The main content area features the title "Space Network List (SNL)" and a breadcrumb trail: "YOU ARE HERE &gt; HOME &gt; ITU-R &gt; SPACE SERVICES &gt; SNL".

# What to do with the BR IFIC DVD?

## Resolution 55 (Rev. WRC-07)

*instructs the Radiocommunication Bureau*

to make available coordination requests and notifications referred to in *resolves* 1, “as received”, on its BR International Frequency Information Circular CD-ROM, within 30 days of receipt, and also on its website;

## Recommended actions:

For **NOTIF ADM** → is my submission received?

For **AFFECTED ADM** → taking note of new submissions

The screenshot shows a web interface with a left-hand navigation menu and a main content area. The navigation menu includes: BR IFIC Publications, Databases, As received (Res.55) (highlighted), Preface, Cost Recovery, BR Software, and BR Circular Letters. The main content area has a sub-menu with: As received (Res.55) (highlighted), Coordination requests, Notification of space stations, Space Plans AP30B (highlighted), and Information. Below this is a section titled "NOTICES RECENTLY RECEIVED UNDER ARTICLES 6 AND 7 OF AP30B" containing a table with the following data:

| NTC_ID    | ADM | NTW_ORG | SAT_NAME          | LONG |

# What to do with the BR IFIC DVD?

The screenshot shows the 'BR IFIC Publications' software interface. On the left is a vertical menu with options: Databases, As received (Res.55), Preface, Cost Recovery, BR Software, and BR Circular Letters. The main area is titled 'BR IFIC PUBLICATIONS – TABLE OF CONTENTS' and contains three columns: 'Special Sections', 'Parts I-S, II-S, III-S', and 'Administrations'. The 'Special Sections' column has a scroll bar and lists: -- ALL --, AP30-30A/F/D, AP30/E, AP30A/E, API/A, API/B, and CR/C. The 'Parts' column lists: -- ALL --, PART I-S, PART II-S, and PART III-S. The 'Administrations' column lists: -- ALL --, IRN, and RUS.

| SPECIAL SECTION / PART | PLAN PART | RESPONSIBLE ADMINISTRATION |              | NAME OF THE SPACE STATION |
|------------------------|-----------|----------------------------|--------------|---------------------------|

Below the table, there are three columns of text in French, English, and Spanish, providing details about the frequency assignments and the specific section of the table of contents.

## Recommended actions:

For **NOTIF ADM** → checking TSUM, findings, exam results, BR Notes...

For **AFFECTED ADM** → is my Adm identified as affected?  
→ is my territory in the Service area...

# What to do on issue of a BR IFIC?

The screenshot shows the BR IFIC SPACE software interface. The main window title is "BR IFIC SPACE". The header displays "BR IFIC 2731 International Frequency Information Circular (Space Services)" and the date "30.10.2012". The ITU logo is in the top right corner. A "NEWS" button is visible. The left sidebar contains a menu with "Databases" highlighted. A red arrow points from "Space Plans" in the sidebar to the main content area. A blue arrow points from "BR IFIC Archive" in the sidebar to a text box on the left. The main content area displays "Data for Planned Space Networks (Appendices 30, 30A & 30B)". It lists three items, with the second and third items highlighted in an orange box. The text "Pub on DVD only" is overlaid on this box. At the bottom, there are buttons for "Search", "Exit", and language options: "عربي", "English", "中文", "Español", "Français", and "Русский".

**Access to the BR Space IFIC Database Archive**

The folder, *Databases\IFIC\_Archive*, found on this DVD, contains an archive of all IFIC $nnnn$  databases for the current year up to the IFIC number of this DVD-ROM. The database files are in a compressed (PKZip) format, and will appear in the form IFIC $nnnn$ .zip, where  $nnnn$  represents the number of the associated Space IFIC publication.

These files are accessible using MS-Windows Explorer (or your favorite file managing software), and can be decompressed by right-clicking on the file and selecting the preferred export option from the drop-down menu.

**Data for Planned Space Networks (Appendices 30, 30A & 30B)**

1. Data concerning the technical characteristics and reference situation for networks of the planned space services are currently included in the databases in the following directories:
  - \databases\SpacePlans\SPS\\*: The Space Plans Systems (SPS) database\* contains data for assignments in the AP30/30A Plans, Lists and those of pending Article 2A & 4 networks and Resolution 49 information;
  - \databases\SpacePlans\AP30B\\*: The Appendix 30B database\* contains data for the allotments in the Plan, assignments in the List and those of pending Article 6 networks and Resolution 49 information;

These two databases are considered as an extension of the SNS version 6.1 database. In order to properly view/print the content of these databases, SpaceCap (v6.5.2 or later), SpacePub (v6.0.4 or later) or SpaceQry (v6.2 or later) software is required.

2. The MSPAGEg output database for each AP30/30A Article 4 Part A network published in this BR IFIC can be found in the \databases\SpacePlans\MSPACEg\_results\ folder. This database contains the detailed MSPAGE calculation results.
3. The GIBC output database for each Appendix 30B pending Article 6 network published in this BR IFIC can be found in the \databases\SpacePlans\AP30B\GIBC\_results\ folder. This database contains the detailed GIBC calculation results.

# What to do with the BR IFIC DVD?

The screenshot shows the BR IFIC SPACE software interface. At the top, it displays "BR IFIC 2729 International Frequency Information Circular (Space Services)" and the date "02.10.2012". The ITU logo is in the top right corner. On the left, there is a vertical menu with options: BR IFIC Publications, Databases, As received (Res.55), Preface, Cost Recovery, BR Software, and BR Circular Letters. On the right, there is another vertical menu with options: Databases, IFIC, SRS, Space Plans, GIMS (highlighted), SpaceCom, and BR IFIC Archive. In the center, a white box with an orange border contains the following text:

**GIMS Database Setup**

**Introduction**      **Pub on DVD only**

The Bureau now publishes the complete GIMS reference database (REFDB) on each IFIC DVD-ROM rendering obsolete the previous incremental update process.

At the bottom of the interface, there are buttons for "Search", "Exit", and language selection: "عربي", "English", "中文", "Español", "Français", and "Русский".
