Keywords: Digital financial services; glossary

Abstract: ITU-T SG3 is kindly requested to ensure that the terms defined in the DFS glossary are aligned to the guidance provided in the Author's guide.

The SCV thanks ITU-T SG3 for its liaison statement SG3-LS50 informing that it had agreed a technical report containing a glossary for digital financial services.

The 1st June 2018 meeting of the Coordination Committee for Terminology (composed by SCV, CCV and ITU-D representatives) reviewed the glossary.

Considering that the definitions may potentially be adopted in ITU Recommendations, the CCT would like to advise ITU-T SG3 to ensure that the definitions given in the glossary be aligned to the guidance provided in Annex B of the Author's guide for drafting ITU-T Recommendations.
