**Abstract:** The interface to the ITU terminology database is being updated. ITU-T SGs are invited to continue maintaining the terminology database.

The SCV and CCV thank ITU-T SG9 for its liaison statement SG9-LS47 on the terms and definitions database. The document was considered at the 1<sup>st</sup> June 2018 meeting of the Coordination Committee for Terminology (which is composed by SCV, CCV and ITU-D representatives).

The SCV and CCV would like to inform ITU-T SG9 and all ITU-T SGs that work is being done to update the interface of the terminology database, and invites all vocabulary rapporteurs to continue maintaining the database.
