Challenges

Interoperability

Trust and Safety

Awareness and adoption

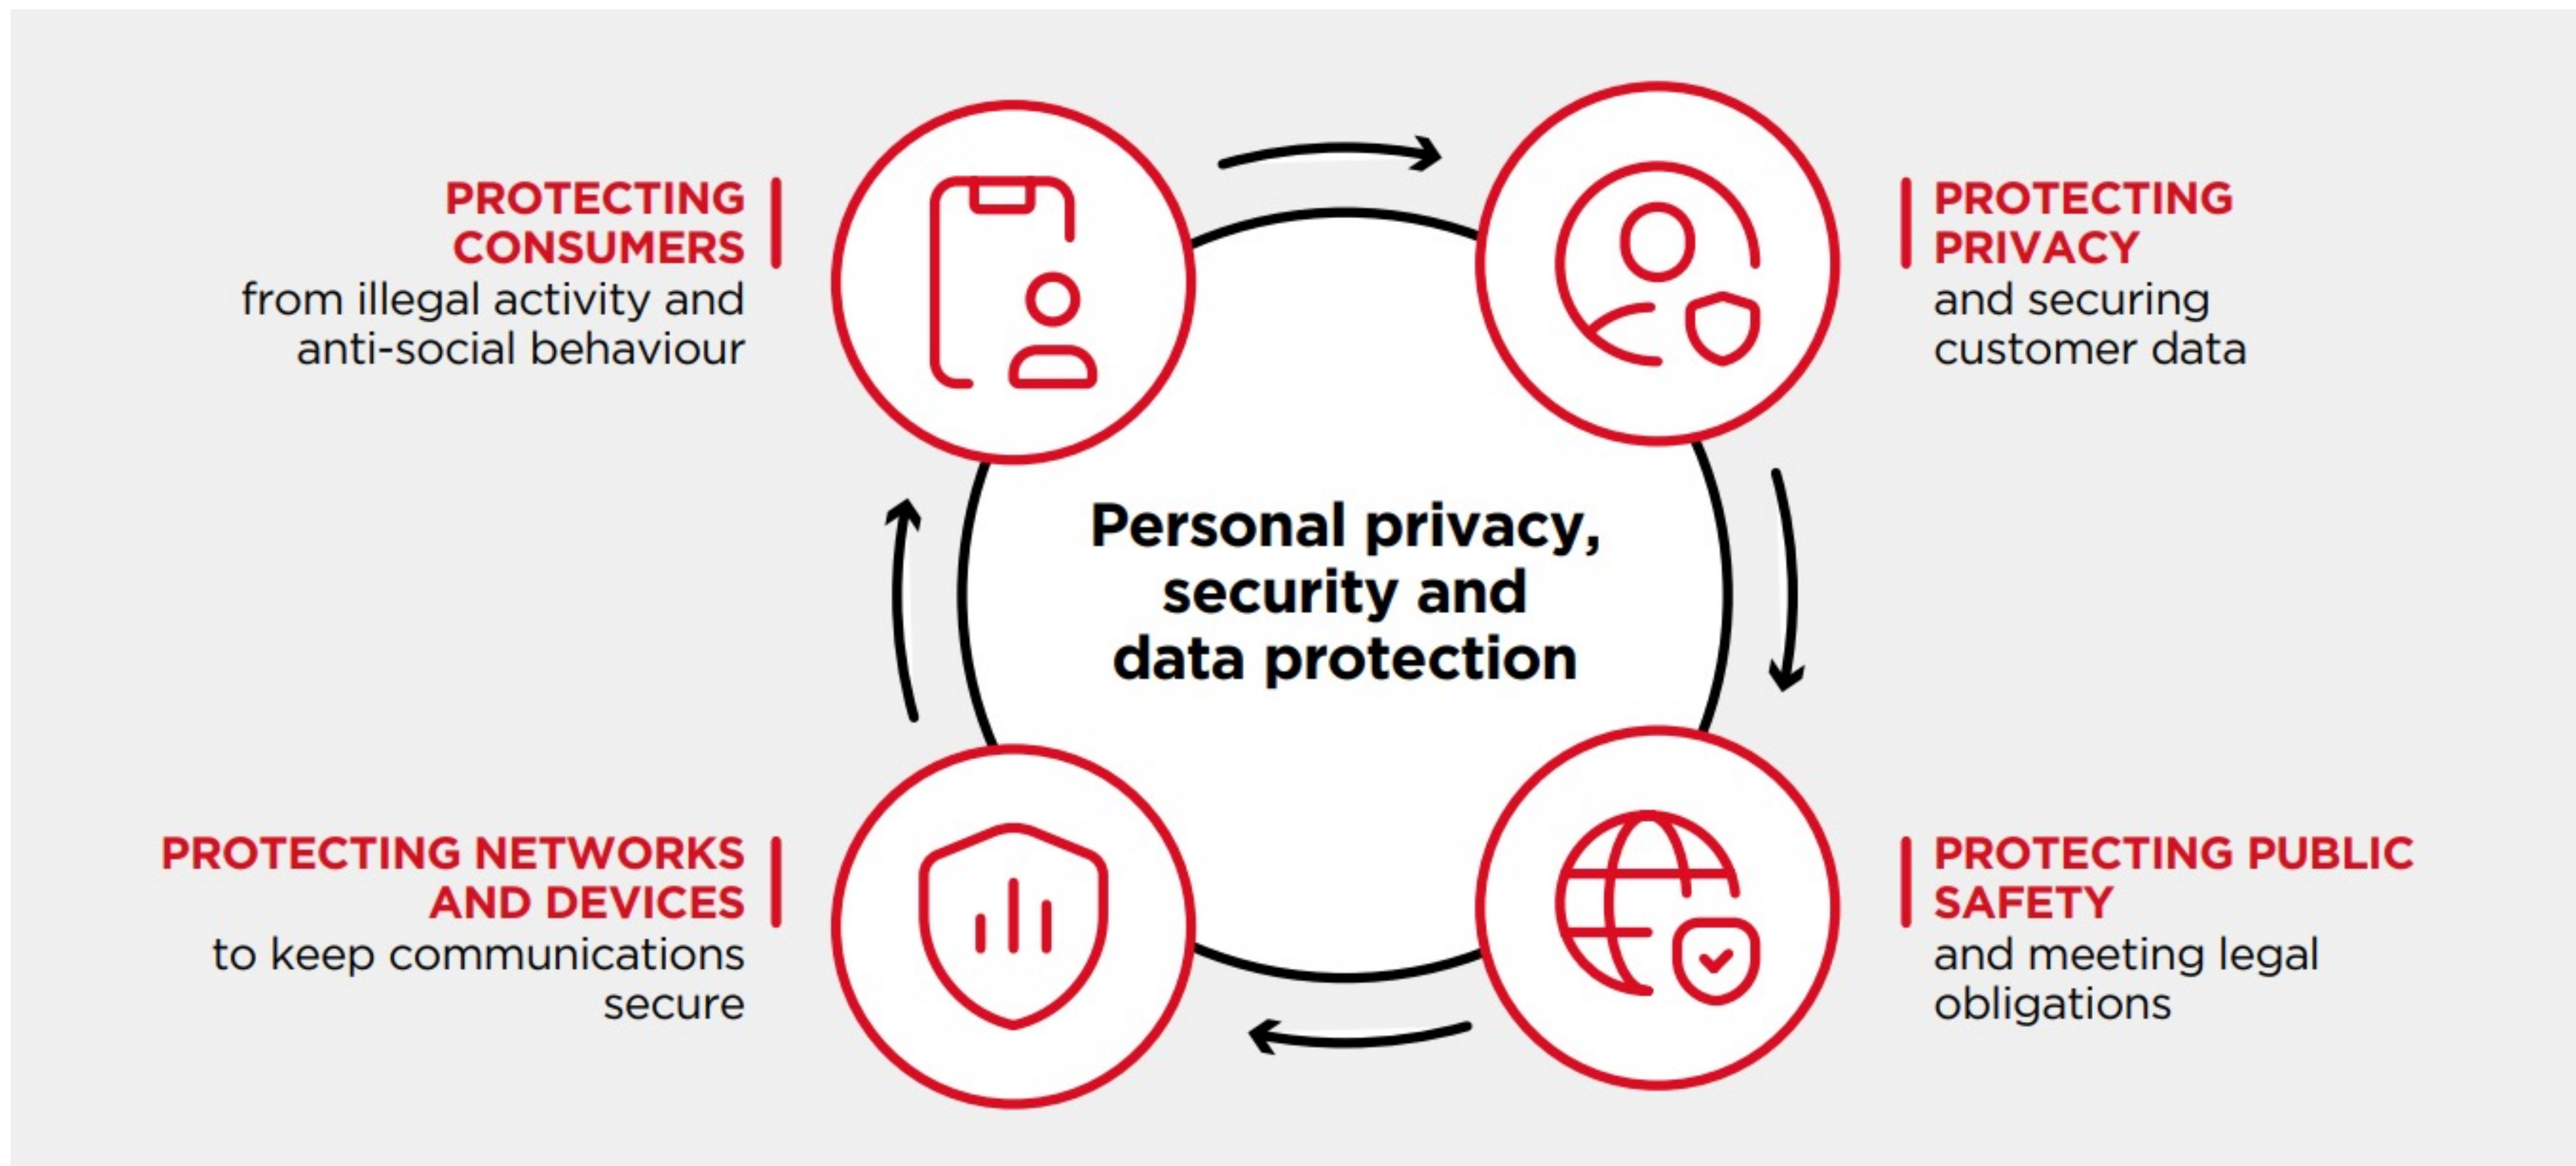

Digital Divide

Regulation

Framework

Protection in the Metaverse

General comment No. 25 (2021)

In the general comment, the Committee emphasizes that the rights of every child must be respected, protected and fulfilled in the digital environment.

It also explains how States parties should implement the Convention and provides guidance on relevant legislative, policy and other measures to ensure full compliance

Child Rights in the Metaverse

Thank You
