About UWI

- Regional University

- Serving seventeen (17) Countries – All Sovereign States

- Four (4) Campuses
  - St. Augustine – Trinidad
  - Mona – Jamaica
  - Cave Hill – Barbados
  - Open Campus – 45 sites across the English speaking Caribbean

About UWI

Student Population – 48,000

Seven (7) Faculties **Offering over 700 programmes**

Over 330 undergraduate level

Over 210 taught graduate level

Over 170 graduate research level and

Online programmes

*Programmes are offered face-to-face, online and multi-mode delivery*

What problem are we addressing?

- Students should have access to the best Lecturer/Researchers wherever these are located in the University

- Enable access to UWI courses/programmes from anywhere at anytime

Connected University

SVUS is technological enabler that will connect UWI, each of its four campuses and the Region both internally and externally

QUANTUM LEAP : Main Proposition

A student from anywhere in the Caribbean is able to enrol from the convenience of ones own home country in courses offered anywhere by UWI &/or any its Caribbean or International partners

-The Bahamas

-Turks & Caicos

-Cayman Islands

Mona Campus
*JAMAICA

-Belize

British Virgin Islands

Guyana

Expected Benefits

Students, faculty and staff can more easily
- ❏ Communicate
- ❏ Access the learning resources and programme opportunities available
- ❏ Collaborate to do research

UWI can more effectively
- ❏ Serve member states
- ❏ Manage internal processes

All resulting in lowering total operating cost and adding greater value to Caricom

Major Activities

UWI

- Culture Transformational Change
- Consolidate & Integrate the distributed Technology and eLearning resources, assets, investments
- Blended Learning which utilizes Learning Management Systems, Video technologies, Web-based synchronous communication, multimedia classrooms

EXTERNAL STAKEHOLDERS

- Facilitate and enhance Seamless Communication, exchange flow and management of knowledge
- Funding
