- (iii) Senior Scientific Officer from 1.1.1996 - 31.12.1999 in the Ministry of Information Technology, Government of India
- (iv) Junior Scientific Officer from 1.4.1994 - 31.12.1995 in the Department of Electronics, Government of India
- (v) Assistant Development Officer (Engg.) from 8.1.1991 - 31.3.1994 in the Directorate General of Technical Development, Ministry of Industry, Government of India
- (vi) Between 1.7.1988 and 7.1.1991, worked in Philips India Ltd. (Medical Systems Division) and Bharat Heavy Electricals Limited (BHEL) as an Engineer

## 2. **EDUCATION**

- (i) Diploma in Management, 2000 from Indira Gandhi National Open University, New Delhi, India
- (ii) Bachelor of Engineering (B.E.) in Electronics and Communication Engineering, 1988 from the Delhi Institute of Technology, University of Delhi, India (With Distinction)

## 3. **EXPERIENCES**

I have a working experience of 18 years in the field of Electronics and Information Technology.

- (i) As Additional Director and previously as Joint Director, Department of Information Technology & Senior Scientific Officer, Ministry of Information Technology (25.7.1997 till date), I am/have been responsible for the management of policy environment for facilitating the growth of Electronics & Information Technology Sector in the country and projects for development of ICT & its applications in the country. The work also includes handling matters pertaining to the Fiscal and Foreign Trade Policies applicable to the Electronics & Information Technology (IT) industry, Software Technology Park (STP) and Electronics Hardware Technology Park (EHTP) schemes for promotion of software and hardware exports, respectively, International Cooperation in IT sector and WTO matters pertaining to the IT sector.
- (ii) My previous experience (1.4.1994 to 24.7.1997) has been in the Economic Policy and Planning Division of Ministry of Information Technology (Erstwhile Department of Electronics, Government of India) where I was primarily responsible for the formulation and finalization of Annual Plans and Five Year Plans for the Department as well as the Industry. The work involved planning and prioritization of the various developmental programmes and projects, for funding, in the Electronics and Information Technology Sector.
- (iii) During the period 8.1.1991 to 31.3.1994, I worked as Assistant Development Officer (Engineering) in the Directorate General of Technical Development (DGTD), Ministry of Industry, where I was primarily responsible for the development of Computers, Peripherals, Instrumentation and Medical electronic equipment industry in the country.

- (iv) During 1.7.1988 and 7.1.1991, I worked with M/s. Philips India Ltd. in the Medical Systems Division and M/s. Bharat Heavy Electricals Ltd. (BHEL) in the Computer Communication Group, respectively, where I acquired a rich field experience.

#### 4. **SELECTED PUBLICATIONS**

A number of discussion papers/plan documents/status notes and draft policy documents have been prepared by me from time to time for discharging the Official functions assigned.

- (i) The latest is a Discussion Paper on “The Conceptual Policy Framework to promote the growth of Electronics/IT Hardware Manufacturing Industry”.

- (ii) I have also edited the monthly techno-economic journal of the Department of Information Technology (Erstwhile Department of Electronics), namely, 'Electronics Information and Planning', which carries papers/ reports on state-of-the-art technologies and applications, the Electronics & IT Industry and policy matters, for over 3 years during 1991-1994 .

#### 5. **CONSULTANCY PROJECT**

I am a Fellow of the Institution of Electronics and Telecommunication Engineers (IETE), India.

- (i) I have worked on the development of Simputer (**Simple Inexpensive Mobile People’s Computer**) and its applications in association with the Indian Institute of Science, Bangalore, India.
- (ii) I have also coordinated and interacted with various Ministries/Departments of Government of India for the promotion of Information and Communication Technologies (ICT).
