## UNIVERSIDAD DE LAS AMÉRICAS

Equador  
April 29, 2021

### INSIGHTS

- Like those women who were left out or who had to struggle to study and grow as professionals, today, girls and women must get the necessary education to represent the past, present and future.

## UNIVERSIDAD DISTRITAL FRANCISCO JOSÉ DE CALDAS

Colombia  
April 29, 2021

### INSIGHTS

- To encourage girls' participation in STEM, we must visualize the interest of women in engineering, and the different roles they play in their lives, from housewives to scientists.
