## Biography

---

**Dr. Bilel Jamoussi**  
**Director, Strategic Standards**  
**Chief Technology Office**

Dr. Bilel Jamoussi is responsible for Nortel's Strategic Standards organization within the office of the CTO. In this capacity, Bilel provides strategic technology direction and leadership for Nortel's involvement in more than 85 standards development organizations, forums and consortia. In support of Nortel's wireless business, Bilel and his team are focusing on emerging wireless standards from the IEEE 802.11/WiFi Alliance and IEEE 802.16/WiMAX Forum.

An experienced standards professional, Bilel is an elected member of the IEEE Corporate Advisory Group (CAG) and represents Nortel on the ISOC Advisory Council. He also serves on the steering committee of several international technical conferences including the MPLS World Congress in Paris. Bilel is also an invited speaker at several industry events including WiMAX Summit in Paris.

Bilel contributes to the innovation and advancement of technology in the ICT field. He has more than 20 patents and patent applications. Bilel has actively contributed to the work of numerous IETF working groups, both as author and editor of Internet drafts, RFCs, and technical papers.

Bilel has been with Nortel for 12 years, during which time he has held several leadership roles including software development for routing/switching platforms and data network engineering of major international customer networks.

Bilel received his BS, MS, and Ph.D. degrees in Computer Engineering from Pennsylvania State University.
