Title: Fixed Mobile Convergence; Wireless Access: A regional perspective

Bio of William Hearmon.

Born in Johannesburg, William Hearmon (Bill) is the Chairman of the African CDMA Forum.....a trade association for operators in Africa. Bill has a BSc in Electrical Engineering from the University of the Witwatersrand, where he specialised in microwave systems and the stability of power systems. He went on to a five-year stint for Siemens in Johannesburg and Munich, and then to Motorola for fifteen years reaching the position of Director of Sales for Greater Africa for Cellular Networks. Bill is an MBA graduate from the University of Cape Town, a Fellow of the SA Institute of Electrical Engineers. Bill is the CEO of a number of his own companies based in Botswana and South Africa.
