ITU/BDT Regional Seminar on Broadband Wireless Access (BWA) for CIS, CEE and Baltic Countries

Moscow (Russian Federation), 26-29 November 2007

SPEAKER BIOGRAPHY

Mr. Faouzi BEN HADJ HASSINE, Eng.

Mr. Hassine is a Telecommunications Engineer, graduated from the Ecole Polytechnique of Montreal, Quebec, Canada. He is member of the Corporation of Professional Engineers of Quebec (OIQ).

He has more than 19 years of experience and expertise in the field of Radio Communications and Spectrum Management. He has been a number of times appointed by the ITU as Senior Expert, Spectrum Management, as well as *Rapporteur*. He acted as Radio Communications Consultant for several Mobile Operators and Telecommunications Regulators around the World.

Mr. Hassine is presently being appointed Vice President Europe, Middle-East & Africa for MENTUM, a software and service company providing network planning and optimization solutions for the wireless communication industry. With its flagship products, Planet and Ellipse, Mentum serves a growing base of approximately 250 customers in 90 countries. With 110 employees around the world, Mentum is headquartered in Paris and has offices in Dallas, Ottawa, Hong Kong and Tokyo, and presence in Moscow, Sidney and Kansas-City. MENTUM is Member of the WiMAX Forum.

Before joining MENTUM, Mr. Hassine held several technical, consulting and managerial positions within private companies and telecommunication regulators and operators, mainly in Canada, Kuwait and France.
