

Call for Presentations

ITU/BDT Regional Seminar on Broadband Wireless Access (BWA) for CIS, CEE and Baltic Countries

Moscow (Russian Federation), 26-29 November 2007

Venue: Advanced Telecommunications Training Institute (ATTI) of
Moscow Technical University of Communications and Informatics (MTUCI)

Deadline to submit Abstracts (max. 400 words) and Bios (max.200 words): 19 October 2007

The applications may be sent via e-mail to: riccardo.passerini@itu.int

Due to its ability to cover wide geographic areas efficiently, wireless technology not only has the potential to become the third broadband pipe into homes in well served areas, but is beginning to provide one of the most efficient solution for innovative and high-speed broadband services to consumers in remote and underserved areas.

The Seminar will examine the technological, economic and regulatory factors that influence the availability and deployment of wireless broadband services. The event will provide an opportunity for wireless broadband business, technology and regulatory experts to share their knowledge, experiences and views on the future of the industry with ITU and Host Administration attendees

Dear Sir/Madam,

The draft program of this Regional Seminar is attached. Major manufacturers, industry associations, operators, administrations and regulators from inside and outside the region have been invited to participate and to provide speakers for the Seminar.

It would be highly appreciated if your organization could collaborate with ITU to further the success and value of this event by contributing to the Seminar. Abstracts of proposed presentations, together with a short CV of speakers, should be submitted to Mr. Riccardo Passerini (riccardo.passerini@itu.int) by **19 October 2007**.

Information concerning this event is posted on the ITU web Site and will be regularly updated:
