

BIOGRAPHY

Philippe Aubineau is currently the Counsellor for ITU Radiocommunication Study Group 1 (Spectrum Management), for the Special Committee (on regulatory and procedural matters) and for the Conference Preparatory Meeting for WRC in the Study Group Department of the ITU Radiocommunication Bureau (BR).

Previous to taking up his current duties in June, 2006, he worked for more than 5 years as radiocommunication engineer at the France Telecom research center in France and was involved in the activities related to the international frequency planning, coordination, notification and registration process for some French satellite networks, with an active participation in the French Delegation at WRC-95. After that he joined the ITU and worked for more than 9 years as radiocommunication senior engineer in the Space Services Department of the BR, with active participations at WRC-97 and WRC-2000, where he was in charge of the 12/17 GHz bands BSS replanning activities in respect of RR Appendices 30 and 30A. He also participated actively at WRC-03, as secretary of Working Group 4B on several Agenda items dealing with satellite matters (1.19, 1.29, 1.34 and 1.37) and at WRC-07 as secretary of Committee 6 on several Agenda items related in particular to the activities of the Conference Preparatory Meeting and of the Special Committee (2, 4, 5, 6, 7.1 and 7.2). Philippe Aubineau graduated from Ecole Polytechnique de l'Université de Nice-Sophia Antipolis in France (ESSI-1990).
