

**Garth Collier**  
**Managing Director Asia Pacific/Japan, WiMAX**  
**Intel Corporation**

Garth Collier is Managing Director of Asia Pacific/Japan, WiMAX at Intel Corporation. He leads a dedicated team tasked to drive the adoption of 4G Mobile WiMAX networks and services across SE Asia, South Asia and Japan.

Garth collaborates extensively with governments, regulators, operators and device manufacturers, sharing a common vision of enabling an open mobile broadband network and connecting millions more users to the Internet. Most recently, Garth was a driving force behind the creation of UQ Communications that is rapidly reshaping the Mobile Internet industry in Japan.

Previous to Intel, Garth was 5 years with PCCW where most recently he was Executive Director of UK Broadband leading the start-up of one of the first non-line of sight broadband wireless services. Other roles with PCCW included Director of Corporate Strategy, Director of Corporate Finance /Investor Relations and Vice President of Strategic Planning.

Prior to PCCW, Garth held senior roles with Cable & Wireless Hong Kong Telecom and Telstra.

Garth has a Bachelor Degree in Engineering from the University of Queensland and a MBA from The Australian Graduate School of Management.
