ITU-D STUDY GROUPS AND WSIS ACTION LINE C2 ACTIVITIES ON BROADBAND

Riccardo Passerini, ITU

Abstract: Presentation deals with the work of the ITU-D SG 1 and SG2 with introduction of questions under study for Study period 2011-2014.. Main procedures for the work of SGs are presented in order to encourage participants from countries to take the active role in study of SGs questions. The main deliverables coming from the Studies and Activities of the ITU-D Questions related to Broadband will be presented. In addition the last result from WSIS Action Line C2 and GSR 11 related to Broadband will be presented too.
