Subject: International Workshop **“Experience in implementation of network performance parameter control systems for ensuring QoS on the operator networks. Sensor networks as a tool for optimization of automobile traffic flows”** within ITU/ZNIIS joint project on creation of **“International telecommunication testing centre” (ITTC), Russia, Moscow April 27 - 29, 2011**

Dear Sir / Madam,

I am pleased to inform you that the Telecommunication Development Bureau (BDT) of the International Telecommunication Union (ITU) in collaboration with the Federal State Unitary Enterprise “Central Science Research Telecommunication Institute” (FSUE ZNIIS) is organizing the International Workshop **“Experience in implementation of network performance parameter control systems for ensuring QoS on the operator networks. Sensor networks as a tool for optimization of automobile traffic flows”**, which will take place in **Moscow, Russia, from 27 to 29 April 2011**. This event is held within the framework of ITU-ZNIIS joint project on creation of “International telecommunication testing centre» (ITTC) developed under CIS Regional Initiatives.

The main objective of this Workshop is to inform the attendees on the following subjects: international standardization and European operators approaches to implementation of network performance parameter control systems for ensuring the quality of service, and to share the experience in implementation of similar control systems on Russian and CIS operator networks. Particular attention during the Workshop will be paid to matters of sensor networks and RFID systems development as well as approaches to implementation of automobile traffic control models using new technologies, including aspects of management and control of network performance parameters in future networks. The draft program is attached to this letter for your further information.

Working languages of the Workshop are Russian and English with simultaneous interpretation.

Please note that there is no participation fee for this Workshop. However, it should be noted that all the expenses relating to participation of your representatives in the Workshop should be covered by your Administration/organization.

The participants are kindly requested to take note of the attached **Information Note for the participants**, and are requested to fill in and fax or e-mail the attached forms (**Hotel reservation, Registration and Visa Support**) by the deadlines specified in these forms.

Should you need any additional information or clarifications, please contact the Workshop Coordinator - Mr. Artem V. Kholopov, Director of FSUE ZNIIS Training Center. Tel.: (+7495) 306-2202 (office), (+7985) 774-0094 (mobile), fax: (+7495) 306-2202, e-mail: akholopov@zniis.ru, info@zniis.ru or Mr Andrei Untila, Programme Officer, ITU Area Office for CIS (tel +7 495 926 60 70, fax +7 495 926 60 73, e-mail: andrei.untila@itu.int)

Yours faithfully,

Original signed

Brahima Sanou
Director
