

BR-BDT regional workshop on SpaceCom

Workshop Program

Tuesday, 2 March		Wednesday, 3 March	
9.30	Registration	9.00	Software for compatibility analysis of terrestrial and satellite GSO/NGSO services S. Bachkova, NIIR, Russian Federation
10.00	Opening Russian Administration, RCC, ITU	9.45	BR IFIC and Preface (Space Services) V. Nozdrin, BR
10.30	Coffee break	10.30	Coffee break
10.45	WRC-12 issues concerning satellite communication and broadcasting L.Ya. Kantor, NIIR, Russian Federation	11.00	SpaceCom software V. Nozdrin, BR
10.30	Development trends in the satellite communications and broadcasting services V. Nozdrin, BR		
12.15	Lunch break	12.15	Lunch break
14.00	International orbit/spectrum management basics for satellite systems (non-planned bands) V. Nozdrin, BR	14.00	Practical exercises on SpaceCom V. Nozdrin, BR
14.45	International orbit/spectrum management basics for satellite systems (planned bands) V. Nozdrin, BR		
15.30	Coffee break	15.30	Coffee break
15.45	Sharing scenarios between terrestrial and GSO space systems, interference calculation and EMC assessments. V. Nozdrin, BR	15.45	Practical exercises on SpaceCom V. Nozdrin, BR
16.30	Sharing scenarios between terrestrial and NGSO space systems and interference calculation and EMC assessments. I. Geltonogov, Geyzer, Russian Federation		
17.15	Questions and discussions	17.15	Questions and discussions
		18.00	Closing
