

## **JAN H. GUETTLER**

### **Director of Cullen International (CI)**

Jan H. Guettler is a Director of Cullen International (CI). Prior to joining CI nine years ago, he was responsible for IBM's telecoms regulatory activities in Europe. Jan has chaired the European telecoms policy working group in the International Chamber of Commerce and was one of the founders of the Brussels based European Telecommunications Platform. Jan has been particularly involved with CI's activities in Central and Eastern Europe and has been used by the European Commission to make conformity assessments of the legislation of most of the candidate countries. He has directed several major studies on telecoms regulatory aspects in Western Europe as well as in Central and Eastern Europe. Jan H. Guettler holds a Master's Degree of Business Administration from the University of California in Berkeley.

Cullen International is a Belgian based consultancy organisation that specialise on regulatory support services. It is recognised as the leading European company to provide support services on telecommunications to operators, manufacturers and authorities. CI also provides regulatory support services for electronic commerce and was recently funded by the European Commission to develop a web-based information system to provide regulatory information in this field for small and intermediate enterprises in the European Union.
