

Jean-Louis Tertian
Autorité de régulation des télécommunications (ART)
France

Jean-Louis Tertian is a senior advisor in the International Department at the ART (Autorité de régulation des télécommunications).

He is involved in the work of several international bodies (ITU, CEPT). Jean-Louis Tertian is also chairman of the ECC-APRII Project Team, which deals with economic, regulatory and legal issues related to access and interconnection.

Prior to joining ART, Jean-Louis Tertian was deputy Head in a production unit at France Télécom. He is a graduate of ENSPTT (Ecole Nationale Supérieure des P&T) and holds an engineer degree in the fields of Networks and Telecommunications.
