Ms. Janika Nano (Alumni of Youth Forum World 2003) is currently working for an Estonian mobile connection operator EMT as a management engineer. At the same time, she is studying for her Master's degree in Tallinn University of Technology.

She participated in the ITU-Telecom Youth Forum in 2003. From her professor at the university, Ms. Nano first learned about this particular activity. In order to gain such a great experience, she applied for it. Ms. Nano deeply appreciates the opportunity of her participation since she met many other young people from all over the world as well as received some training from the conference. Those all helped to improve her personal knowledge in the ICTs field, so that she could share these experience in her working environment.
