At present, Ms. Sara Moftah Al-Rabei (Alumni of Youth Forum Africa 2004) is currently preparing for her final project to get BSc Degree at her university in Tripoli.

She learned about ITU-Telecom Youth Forum from ITU's website which motivated her to apply for this particular activity in order to improve her knowledge, share information with others and learn new things and suggestions for the problem in her home country. After her participation in Youth Forum Africa 2004, Ms Rabei felt more responsible for the development of the ICTs in her country.

From that special experience, Ms. Rabei realized that, as youth, it is essential to share ideas and promote their knowledge in order to contribute to developing their own countries and regions.
