To Flynn Dreilinger KN6HCC

Dear Flynn,

In response to your coordination request I confirm IARU frequency coordination for **Pleiades (Sapling Sempervirens, Sapling Giganteum and Yearling)**

The coordinated frequency for up- and downlink 437.400 MHz, emission designator 125KX1DCN, EIRP 29.5 dBm.

Note that the assigned frequency is different from the requested frequency and that the maximum bandwidth is 125 kHz.

Planned launch date: to be determined

Licensing administration: USA

Planned Height and Orbit: to be determined

Earth Command station: KN6HCC.

IARU has coordinated frequencies in bands allocated to the amateur satellite service. All frequencies in the amateur satellite service are shared frequencies.

Please inform me about the final launch date, the orbital parameters and the API/A number as soon as that information becomes available.

Best wishes for a successful project.
