

ITU-T Workshop

“Mobile Telecommunications and Fixed/Mobile Convergence – the realities going forward”

Abstract

Kyiv, 12 – 14 September 2005

Speaker: Jan Fischle
ALCATEL

Session: 3.1: Market Perspectives

Title of Presentation: Unlicensed Mobile Access as an Example for Fixed Mobile Convergence

The presentation will first outline the Market Drivers for the FMC solution based on UMA, like end user requirements, Broadband Access market, on the way to All-IP,.. . Then coming to the UMA benefits for the End Users, Mobile Service Providers and Fixed Service Providers and highlighting the additional end user service opportunities. In the technical section of the presentation there will be the overview about the UMA architecture and the implementation of the UMA solution in the networks. At the end will be a short outlook "Beyond UMA - On the way to IMS & all IP"
