

ITU-T NEXT GENERATION NETWORKS WORKSHOP IN COLLABORATION WITH IETF

CV

Geneva, 1 – 2 May 2005

ITU-T Co-Chairman:
Mr. Chae-Sub Lee
ETRI

Wrap-Up Session

Chae Sub LEE has been working in the telecoms standardisation field for over 18 years. He has actively involved in regional standards in ASTAP, APT, TTA and CJK in the area of network standards. He has been involved in ITU-T standards development for the ISDN, GII, IP-based networks and NGN. He was mainly involved in Study Group 18 (XVIII) as a rapporteur on Architecture and Interworking areas. He is a vice-chairman of ITU-T Study Group 13 and responsible for WP2/13 on Architectural study. He also shares his role as Chairman of NGN Focus Group. Chae-Sub, after a career of twenty years with KT as a senior researching engineer, he has been a invited researching staff to ETRI.
