• Educational Background

Period	School	Major and Degree
--------	--------	------------------

Obtained a BS in Physics from Tehran University in Iran in 1969 and then moved to the United States where I obtained a BS, MS and PhD degree in 1981 in Electrical Engineering with emphasis on telecommunication.

• Experience

Period	Organization	Position and Duty
--------	--------------	-------------------

Started to work as an Assistant professor in Electrical Engineering in Memphis University in the United States and then moved to Canada where I started to work on satellite antennas for a year and then moved to Bell Northern Research, the research arm of Nortel. I have been working in Nortel Networks for almost 22 years on various projects starting from system engineering for outside plant and then ISDN standards development, ATM and MPLS. My present activities are on NGN and also MPLS interworking with other services.
