

# Smart Cities Architecture for Egypt

Dr. Fadel Digham  
R&D Executive Director

National Telecom Regulatory Authority  
Egypt

# Architecture

# Design Principles

- Connection
- Sharing
- Innovation

	Connection	Sharing	Innovation
Collection	X		X
Network	x	X	
Platforms		x	X
Analytics			X

*Mix of Top-down and Bottom-up approach*

# Control Center

- collects and processes all critical and security sensitive data to assure secure and safe city
- uses a private platform for data management and processing

# City Operation Center

- interfacing directly with citizens and smart service providers
- Can be based on open data platforms
- Being in charge of ensuring city sustainability
