

Document TDAG-21/2/DT/9-E
9 November 2021
English only

**Chairman, TDAG Working Group on Strategic and Operational Plans
(TDAG-WG-SOP)**

Consensus text on ATU-proposed Outcomes and Outputs related to LDCs, LLDCs,
SIDS and countries with economies in transition

Summary:

The document suggests modifications to text on Outcomes and Outputs in the proposed Objectives contributed by ATU to TDAG-WG-SOP (Document 14). The suggestions refer specifically to Outcomes and Outputs related to LDCs, LLDCs, SIDS and countries with economies in transition.

Action required:

Endorse the consensus text herein and modify the text for the related Outcomes and Outputs accordingly in the Report of the Chair of TDAG-WG-SOP to TDAG.

Objective D.3: Inclusive digital economy and society

- D-3-a: Improved socio-economic growth in developing countries including least developed countries (LDCs), landlocked developing countries (LLDCs), small island developing states (SIDS), and countries with economies in transition through the development of local internet economies
- D.3-1: Products and services on concentrated assistance to developing countries, including LDCs, LLDCs, SIDS, and countries with economies in transition to foster the availability and affordability of telecommunications/ICTs
- D.3-2: Products and services on policies supporting the development of the digital economy, local content, datacenters, new technologies and information sharing, as well as support for their deployment, assessment studies and toolkits

Objective D.4: Strengthening the regional presence

- D.4-2: Increased products and services to developing countries, including LDCs, LLDCs, SIDS and countries with economies in transition
- D.4-3: Increased products and services related to the development of local internet economy in developing countries, including LDCs, LLDCs, SIDS and countries with economies in transition

Objective D.5: Resource mobilization

- D.5-2: Increased Fellowships attribution to developing countries, including LDCs, LLDCs, SIDS and countries with economies in transition

Objective D.7: Connectivity

- D.7-a: Improved connectivity in LDCs, LLDCs and SIDS through the development of local digital economies
- D.7-1: Products and services to developing countries including LDCs, LLDCs, SIDS and countries with economies in transition, to foster access to ICTs
- D.7-f: Improved connectivity in developing countries through the development of local digital economies
