

**Mr Santiago Andrés, Axon Partners Group, Spain**

Santiago works as a senior ICT regulation & strategy consultant for Axon Consulting and as a postdoc researcher in the field of data economics at IMDEA Networks Institute in Madrid. He has wide experience in ICT consulting with relevant projects relating to regulation, public policy, strategy, and operations. His clients have been telcos, regulatory authorities, and governments in more than 25 countries in Europe, Latin America, and the Middle East. He received a PhD in Telematics Engineering from Universidad Carlos III de Madrid, a Master of Arts in Economics from Univ. Nacional de Educación a Distancia, and an MSc in Telecom Engineering from Universidad Politécnica de Madrid. He has published relevant papers related to the value of data in top computer science conferences and journals like IEEE ICDE, ACM Sigmod Record, and ACM Sigspatial.
