

**Mr. Telemaco Melia**

Managing the day-to-day EchoStar Mobile business, Telemaco Melia coordinates sales, technology and product activities to deliver seamless services to EchoStar Mobile customers and to guarantee portfolio expansion through new products and services. Telemaco has a background in telecom, mobility and wireless technology. Holding various technology roles at Kudelski Group, Telemaco has had experience with a range of tier one telecom manufacturers, including Nokia, Cisco and NEC. With an MSc in Informatics from Politecnico Turin, a PhD in Telecommunications from Göttingen University and MBA from ESSEC Business School, his in-depth knowledge and sector expertise is second to none.
