

Victoria Papp

Victoria Papp is the Senior Director of Strategy and Innovation at the Building Owners and Managers Association of Canada (BOMA Canada). Since joining the team in 2016, she has supported initiatives driving the smart and sustainable transformation of the built environment through standardization. Victoria has empowered building owners and managers worldwide to unlock real value within their properties by embracing sustainability, digital innovation, and resilience strategies.

Victoria has a strong focus on international standardization and global initiatives that support cities in addressing climate change issues through digital transformation. Victoria holds a Master of Applied Science in Environmental Science and Management and a Bachelor's degree in Environment and Urban Sustainability from Ryerson University in Toronto, Canada.
