Introduction

By means of this Administrative Circular, I wish to announce that the twenty-second meeting of the Radiocommunication Advisory Group (RAG) will be held at the ITU Geneva headquarters from 5-8 May 2015 inclusive.

The RAG will be convening – on day two – a one-day meeting on 6 May from 0900 to 1700 hours, without interpretation, to consider issues related to the ITU-R preparation of the draft Rolling Operational Plan (to be submitted to the 2015 session of the Council), based on the Strategic Plan for the period 2016-2019 adopted by PP-14.

As stated in Article 11A of the ITU Convention, the RAG is open to representatives of administrations of Member States and representatives of Sector Members, and to the Chairmen of the study groups and other groups.

The principal duties of the RAG are, *inter alia*, to review priorities, programmes, operations, financial matters and strategies related to Radiocommunication Assemblies, study groups and the preparation of radiocommunication conferences, and any specific matters as directed by a conference of the Union, a Radiocommunication Assembly or the Council. The RAG recommends measures to foster cooperation and coordination with other standards bodies, with the Telecommunication Standardization Sector, the Telecommunication Development Sector and the General Secretariat.

The draft agenda of the meeting has been established in consultation with the Chairman of RAG, and is contained in **Annex 1**.

All documents and administrative information pertaining to the twenty-second meeting of the RAG will be posted on the ITU website at <http://www.itu.int/ITU-R/go/RAG> as they become available.
