Circular Letter  
CR/231

20 December 2004

## To Administrations of Member States of the ITU

**Subject:** Implementation of Resolution **547 (WRC-03)**, Updating of the “Remarks” columns in the Tables of Article 9A of Appendix **30A** and Article 11 of Appendix **30** of the Radio Regulations

### To the Director General

Dear Sir/Madam,

1. WRC-03 updated the “Remarks” columns in Tables 3A1 and 3A2 of Article 9A of Appendix **30A** and Table 6A of Article 11 of Appendix **30** and adopted new Tables in those Articles that specify affected or affecting networks or beams of administrations based on the results of studies by the Radiocommunication Bureau. WRC-03 also adopted new sharing criteria in Appendices **30** and **30A**.
2. In accordance with *resolves* 1 and 2 of Resolution **547 (WRC-03)** and in order to reduce the number of affected and affecting administrations or networks, the Bureau was instructed, using the revised criteria adopted by WRC-03 and taking into account any changes in the characteristics and any suppression of assignments in the application of the Radio Regulations, to carry out the required analyses based on the following Notes explaining the nature of the “Remarks” column entries: Notes 5 to 7 in § 9A.2 of Article 9A of Appendix **30A** and Notes 5 to 8 in § 11.2 of Article 11 of Appendix **30**.
3. The Bureau was also instructed to publish, not later than 1 January 2005, the updated results of its compatibility analysis, together with its related conclusions, in a circular letter. From the date that circular letter has been sent, administrations concerned will have until one year before WRC-07 to decide whether or not they wish to continue appearing as “affected or affecting administrations”. In the case of a request by an administration whose name appears in the “Remarks” column as an affecting or affected BSS administration in Regions 1 and 3, its deletion from the “Remarks” column is subject to the agreement of the affected administration or affecting administration. A copy of this agreement needs to be attached to the request. If no reply is received from administrations within that period, it will be taken that there is no need to make any change.
4. As mentioned in paragraph 3 above and in accordance with *resolves* 3 of Resolution **547 (WRC-03)**, the results of the compatibility analysis together with its related conclusions are contained in the annexes to this Circular Letter. Annex 1 contains an extract of Article 11 of Appendix **30** including revised Tables 2, 3 and 4. Annex 2 contains an extract of Article 9A of Appendix **30A** including updated Tables 1A and 1B. It should be noted that Tables 1A and 1B have not changed.
5. In accordance with *resolves* 4 of Resolution **547 (WRC-03)**, the concerned administrations are requested to examine their respective situation in the relevant tables and act in accordance with paragraph 3 above from the date of this Circular Letter and until one year before WRC-07.

6. Should administrations have any queries regarding the contents of this Circular Letter the contact person in the Radiocommunication Bureau is Mr. M. Sakamoto, phone: +41 22 730 53 71, fax: +41 22 730 57 85, e-mail: mitsuhiro.sakamoto@itu.int.

Yours faithfully,

Valery Timofeev  
Director, Radiocommunication Bureau
