Subject: Application of No. 9.5D of the Radio Regulations to APIs received between 1 July and 30 September 2004

1. The Radiocommunication Bureau hereby draws the attention of all administrations to the provisions of No. 9.5D (WRC-03) according to which the coordination data under No. 9.30 relating to a satellite network is to be submitted to the Bureau within a period of twenty-four months after the date of receipt of the API.
2. Having reviewed its records, the Bureau has identified the networks listed in Annexes 1 and 2 for which the API data were received by the Bureau between 1 July and 30 September 2004. For these networks the expiry of the 2-year period mentioned above falls between 1 July and 30 September 2006, as indicated in the last column of Annexes 1 and 2.
3. For the listed networks, responsible administrations are reminded that:
 - a) coordination requests are receivable by the Bureau up to the date indicated in the last column of the Annex 1, failing which the API Special Section will be cancelled
 - b) Annex 2 contains the list of networks for which coordination requests have already been received. However, if these coordination requests do not contain all the relevant frequency bands mentioned in the API Special Section, an additional coordination request, covering the missing frequency bands, is receivable by the Bureau up to the date indicated in the last column of the Annex 2.
4. All administrations are requested to verify if, in the period between 1 July and 30 September 2004, they have submitted an API for networks not listed in Annexes 1 and 2 and, if so, to act in accordance with paragraph 3a) or 3b), as appropriate.
5. Coordination information related to networks under paragraphs 3 or 4 above, submitted after the relevant deadline, will be considered as a new API information, canceling and replacing (fully or partially, as the case may be) the earlier API. Coordination information will then be processed on the basis of the date of receipt of the said submission plus six months, as foreseen in No. 9.1.
6. This communication is to be considered as the Bureau's advance notice specified in No. 9.5D of the Radio Regulations.

Yours faithfully,

Y. Henri
Head of Space Services Department
