(New Agenda)**

Alexander Kühn, Moderator

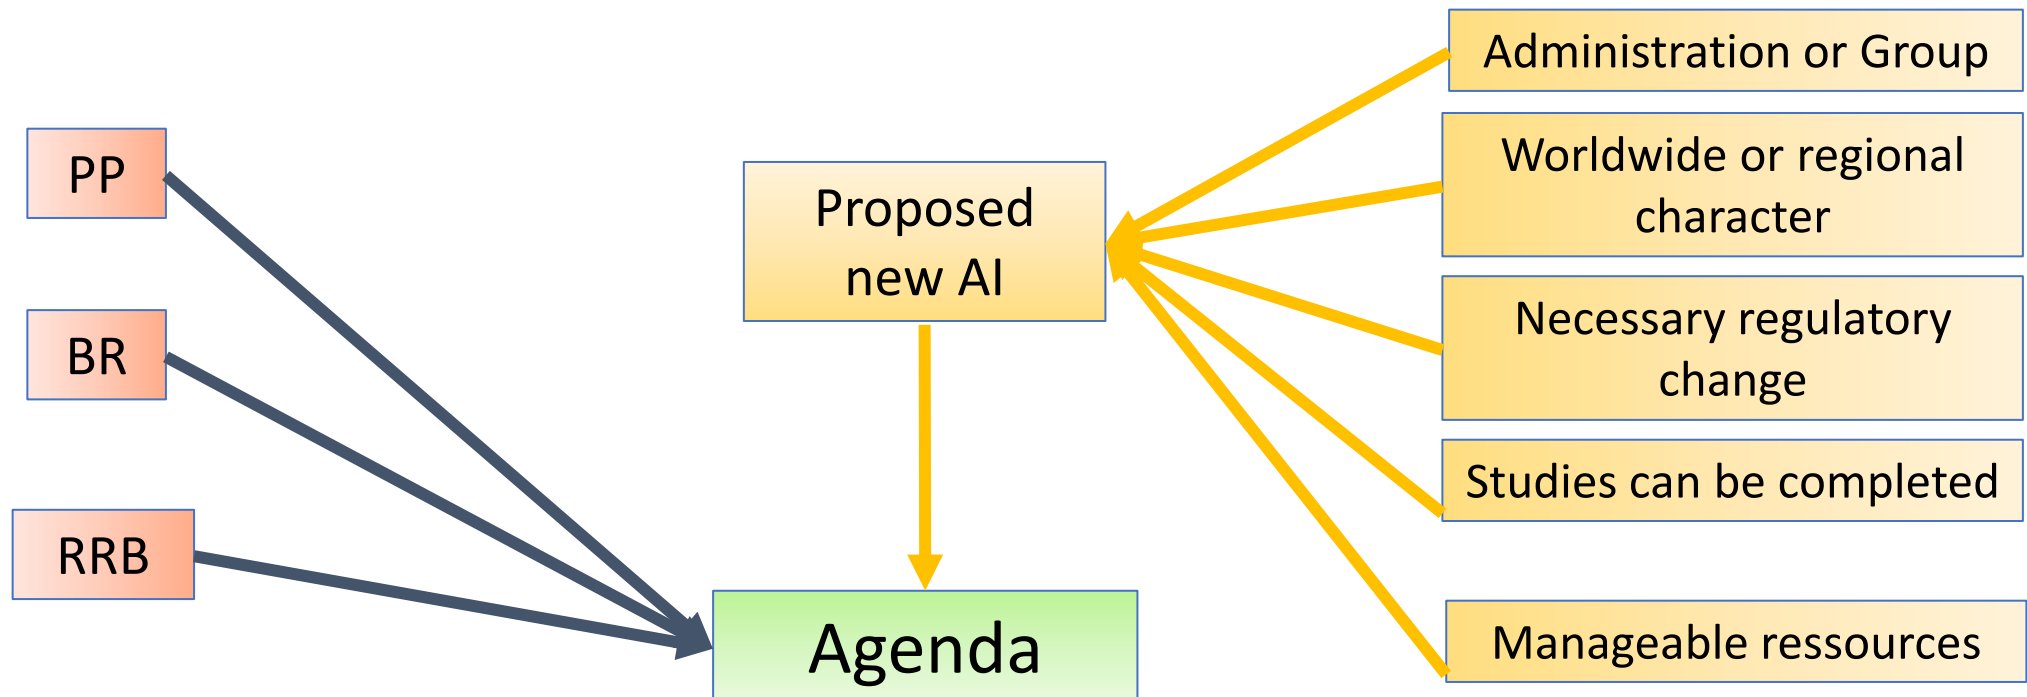

Introduction

Building a new Agenda 1/3

10 to recommend to the ITU Council items for inclusion in the agenda for the next world radiocommunication conference, and items for the preliminary agenda of future conferences, in accordance with Article 7 of the ITU Convention and Resolution **804 (Rev.WRC-19)**,

RESOLUTION 804 - Principles for establishing agendas for WRC

Building a new Agenda 2/3

Information from CPM23-2 on

- Issues that can be resolved under the standing agenda items of WRCs or through the regular activities of ITU-R should not be converted [...];
- Topic/subject under agenda item 9.1 should, as much as possible, be avoided [...].
- Consistency between the title of agenda item and title of the supporting resolutions as well as operative parts of the resolutions is absolutely necessary and needs to be fully respected. In addition, every effort to be made in selecting Terms, Language and wording of the resolutions, in particular resolves parts, to be non-ambiguous, meaningful and clear.
- The preamble of any/all resolutions should be reduced to the absolute minimum necessary which are needed to justify the operative parts. In particular, recognizing parts of the resolution should only be factual statements already agreed by ITU-R and ITU.
- Reference to the protection of other services (in band and adjacent band if necessary) should be clearly specified in the resolution.
