

## RESOLUTION ITU-R 44

**UPDATING OF CERTAIN MAINTAINED  
CCIR/ITU-R RECOMMENDATIONS**

(2000)

The ITU Radiocommunication Assembly,

*considering*

- a) that there are numerous CCIR/ITU-R Recommendations that have remained unchanged for a number of years;
- b) that many of the above Recommendations require updating in order to reflect the recent changes, such as:
  - ITU structural changes (CCIR to ITU-R, world administrative radio conference to world radiocommunication conference, IFRB to Radiocommunication Bureau, etc.);
  - the need for replacing references to ex-CCIR Reports by those to ITU-R Recommendations;
  - the renumbering of Radio Regulations provisions resulting from the simplification of the Radio Regulations, provided the Radio Regulation provision text is not changed;
- c) that it is important to keep the ITU-R Recommendations up to date;
- d) that the updating work should not create an undue workload on administrations and the secretariat,

*resolves*

- 1 that each Radiocommunication Study Group should review the maintained Recommendations and, if they are found no longer necessary, should propose their deletion;
- 2 that, where appropriate, each Radiocommunication Study Group is encouraged to update the maintained Recommendations as referred to in *considering* b);
- 3 that the above purely editorial updating should not be regarded as draft revisions of Recommendations, but each editorially updated Recommendation should be accompanied until the next revision by a footnote stating "Radiocommunication Study Group [*number of Study Group to be inserted as appropriate*] made editorial amendments to this recommendation in the year [*insert year in which amendments have been made*] in accordance with Resolution ITU-R 44";
- 4 that the Coordination Committee for Vocabulary should be regarded as a Radiocommunication Study Group in this Resolution;

5 that this Resolution shall not be applied to the updating of the ITU-R Recommendations incorporated by reference in the Radio Regulations and that such updating of ITU-R Recommendations shall be made through the ordinary procedure for revising ITU-R Recommendations in accordance with Resolution ITU-R 1,

*instructs the Director of the Radiocommunication Bureau*

1 with the cooperation of the Chairpersons and Vice-Chairpersons of the relevant Study Groups, Working Parties and Task Groups, to examine the maintained Recommendations and to prepare lists of the necessary editorial amendments for updating;

2 to submit the above lists to the meetings of the relevant Radiocommunication Study Groups for confirmation;

3 to report to the next Radiocommunication Assembly on the progress of the work.
