## National Numbering Plan (According to ITU-T Recommendation E.129 (09/2002))

<http://www.itu.int/itu-t/inr/nnp/index.html>

Administrations are requested to notify ITU about their national numbering plan changes, or to give an explanation on their web page concerning the national numbering plan as well as their contact points, so that the information, which will be available freely to all Administrations/ROAs and service providers, can be posted on ITU-T website.

For their numbering website, or when sending their information to ITU/TSB (e-mail: [tsbtson@itu.int](mailto:tsbtson@itu.int)), administrations are kindly requested to use the format as explained in ITU-T Recommendation E.129. They are reminded that they will be responsible for the timely update of this information.

From 1.X.2009 to 15.X.2009 the following countries have updated their national numbering plan on our site:

| <i>Country</i> | <i>Country Code (CC)</i> |
|----------------|--------------------------|
| Djibouti       | +253                     |
| Grenada        | +1 473                   |
| Israel         | +972                     |
| Madagascar     | +261                     |
| Malta          | +356                     |
| Nauru          | +674                     |
| Senegal        | +221                     |
