

# International Telecommunication Union

## Outline and expected results of WTSA-08

Malcolm Johnson  
Director, TSB

The ITU Africa region WTSA-08 Preparatory Meeting  
Accra, 29–30 May 2008

# Outline

- What is WTSA?
- Objectives and expectations
- Interests of developing countries
- The standardization gap
- Hot topics
- Getting involved

# World Telecommunication Standardization Assembly

- WTSA sets direction and structure for ITU-T
- Meets every four years
- Defines the general policy for the Sector
- Establishes the study groups
- Approves their expected work programme
- Appoints their chairmen and vice-chairmen
- WTSA Resolutions are available at:

[itu.int/ITU-T/wtsa/resolutions](http://itu.int/ITU-T/wtsa/resolutions)

# Global Standards Symposium

- To be held day before ITU World Telecommunication Standardization Assembly (WTSA), 20 October 2008, Johannesburg
- [itu.int/ITU-T/wtsa-08/gss/](http://itu.int/ITU-T/wtsa-08/gss/)
- Aims to bring together all standards making bodies
- Themes:
  - Reducing the standardization gap
  - Improving collaboration
  - ICTs and Climate change
  - Accessibility and disability

# GSS/WTSA Exhibition

- Opportunity to exhibit at a three day special event during GSS and WTSA-08
- ITU and the Department of Communication of South Africa are organizing an exhibition that will feature mainly information and communication technology providers
- [itu.int/ITU-T/wtsa-08/info/exhibition](http://itu.int/ITU-T/wtsa-08/info/exhibition)

# WTSA-08 Preparations

- Date and venue – WTSA-08
  - To be held 21-30 October 2008, Johannesburg, South Africa (PP06 Res. 1281)
- TSAG meetings
  - 2-11 July 2008
- Regional preparation meetings
  - Brasilia (May), Accra (May), Tashkent (June), Damascus (July), Hanoi (September)

# Restructuring the Study Groups

## Objectives

- Decide on future standardization topics (Questions)
- Create structure to efficiently address future work
- Ensure relevant, clear mandates avoiding duplication
- Facilitate participation, especially of developing countries
- Improve visibility to outside world

## Status

- Many different views and objectives
- First application of chairmanship term limits
- TSAG will review at July meeting
- Candidates for chairmanship requested after TSAG meeting

# Expected results: Restructuring the Study Groups

- Reduced number of Study Groups
  - Increased efficiency
  - Less need to travel
  - Save money for ITU and participants
  - Less liaisons and duplication
- More co-located meetings
- More focus on developing country requirements
- Establishment of more regional groups
- More use of remote participation
- More meetings in the regions

# Revision of existing Resolution and adoption of new Resolutions

## Objective

- Ensure that the guiding principles and working methods of ITU-T are up to date and are improved as necessary to take into account the current ICT environment

## Status

- Some proposals have been discussed
- TSB will provide review of actions related to 2004 Resolutions

## Expected results

- New Resolutions on Climate change; accessibility???

# Improved working methods

## Objectives

- Review current electronic working methods
- Procedures for remote participation
- Review status of JCA, GSI, Focus Groups
- Improved efficiency

## Status

- Current AAP procedures generally considered successful
- WTSA 32 *Strengthening the use of electronic working methods for the work of ITU-T* instructs the Director of TSB to: maintain the EDH Action Plan...

## Expected results

- Definition GSI, JCA,
- Emphasis on remote collaboration tools
- Revision of A-series Recommendations

# Election of new SG and TSAG chairs

- Candidatures at least three months before WTSA
- Director circulates membership the list of candidates with CVs of each candidate
- heads of delegation prepare in consultation with Director a consolidated list of designated study group chairmen and vice-chairmen
- WTSA Plenary decides

# Election of new SG and TSAG chairs:

- TSB Circular 185
- competence and equitable geographical distribution (CV242)
- Representation of chairmen and vice-chairmen from developing countries (Res 35)
- primary consideration proven competence in the study group concerned, and management skills (Res 1, 3.1.2)
- continuity of participation in the study group
- not an “honorary” position
- ITU will not provide financing

# Election of new SG and TSAG chairs

- commitment of time and resource by the candidate's supporting Administration and/or company for full 4 year term
- minimum number of candidates per country
- Failure of appointment to chairmanship should not automatically entitle a vice-chairmanship
- In cases where there are two or more candidates with equal competence for the same chairman position, preference should be given to candidates from Member States and Sector Members having the lowest number of designated study group chairmen

# Reduce the standardization gap

## Objective

- End disparities in the ability of representatives of developing countries, relative to representatives of developed countries, to **access, implement, contribute to and influence international ICT standards**, specifically ITU Recommendations

## Status

- Much has been done to improve access:
  - Regional Forums
  - Regional Groups
  - Remote working
  - Meetings in the regions

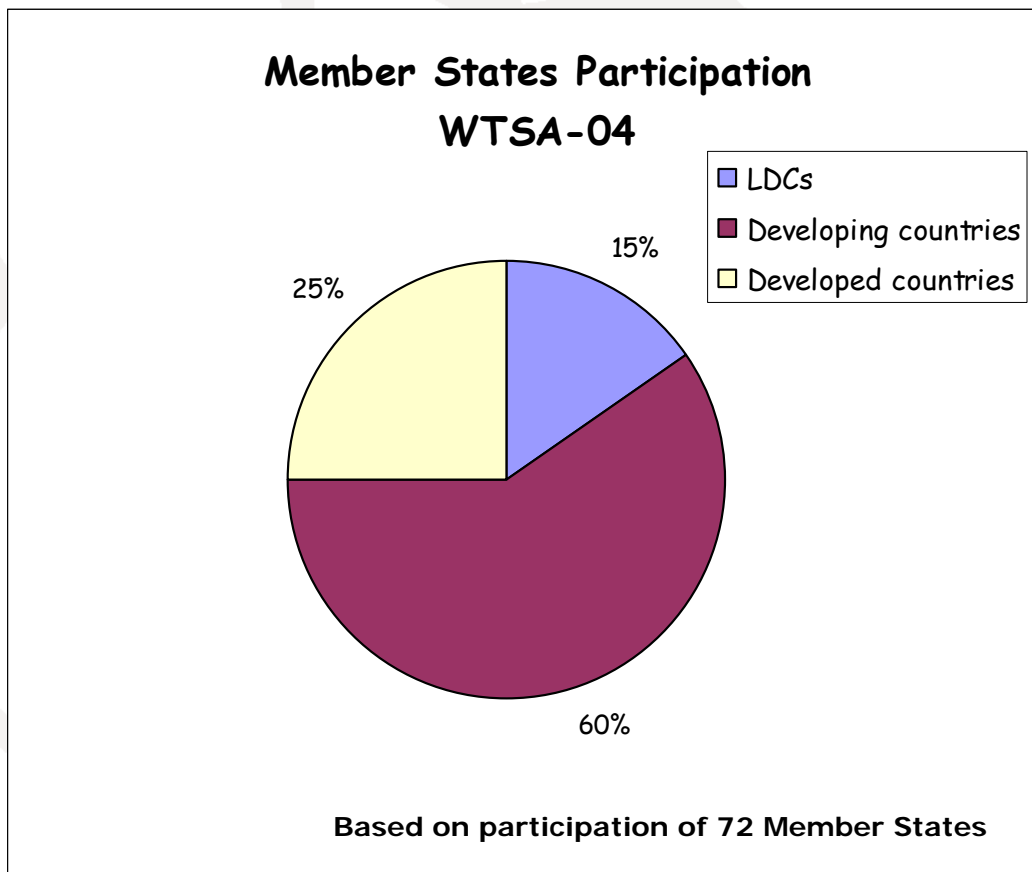

## Expected Results

- Revision of related Resolutions

# Resolutions of WTSA-04: assist developing countries

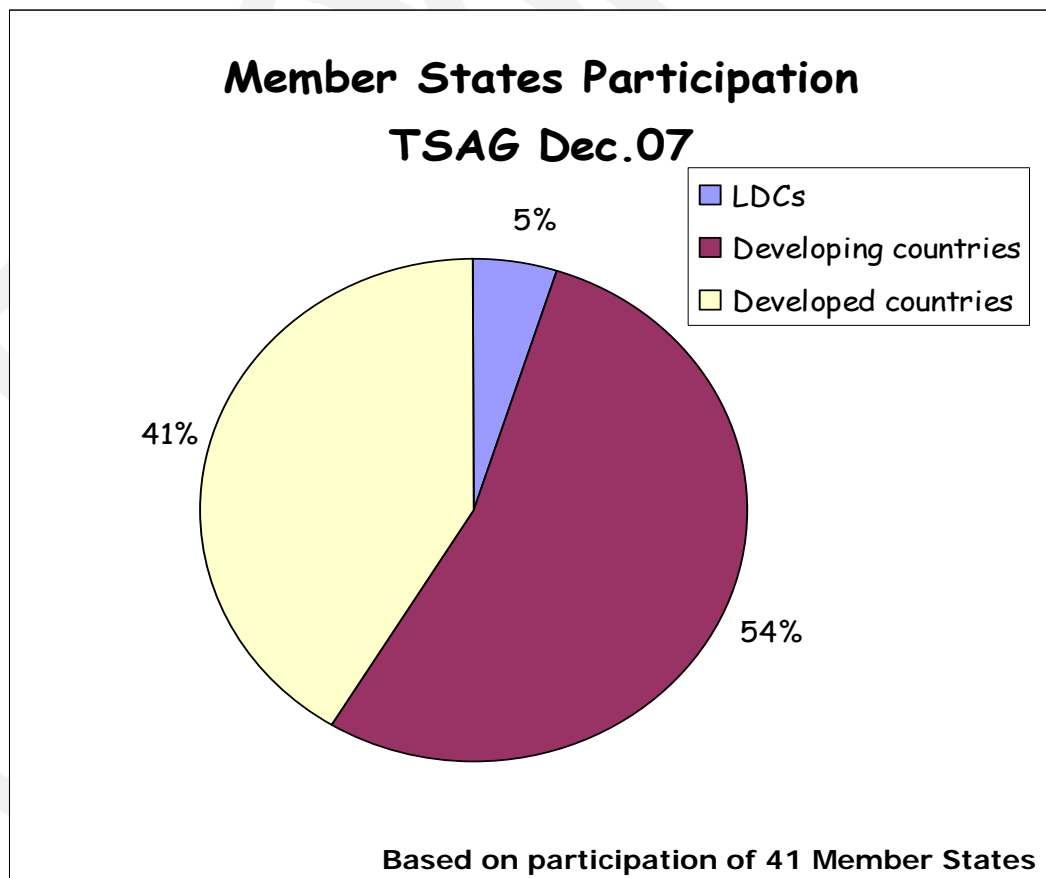

- Telecom'n standardization in relation to interests of DCs was enhanced (Res.17)
- Assistance to regional tariff groups (Res.26)
- Regional preparations for WTSA (Res.43)
- Action Plan for PP Res.123 on bridging the standardization gap (Res.44)
- Creation of regional groups (Res.54)
- Action Plan for TDR and Early Warning

# Developing country participation in WTSA

# Developing country participation in TSAG

# ITU-T future work programme

- Bridging the standardization gap
- ICTs and climate change
- Accessibility and disability
- Next Generation Network (NGN)
- IPTV
- Home networking
- Cybersecurity including Identity management
- Mobility
- Ubiquitous networks
- Telecoms and cars
- Network infrastructure: optical transport, network management, signalling, performance and QoS, electromagnetic compatibility (EMC), architecture, interoperability, etc.

# In Summary main topics

- Study Group structure
- Work programme
- Bridging the Standardization Gap
- ICTs and Climate change
- Identification of emerging technologies for standardization
  - ITU-T Technology Watch function
  - Increase academic participation
  - Increased research institute participation
- Cybersecurity
- Relationship with SDOs and forums

# Possible new initiatives

- Recommendation to Council/PP-10 for new category of membership for academia
- Reduced Sector Membership fee for SMEs, at least SMEs from developing countries
- Action to address proliferation of standards bodies
- Proposals to improve collaboration with and participation of research institutes
- New work on climate change
- New work on testing and certification

# So why does WTSA matter?

- Make ITU-T THE most attractive place to do international standards
- Make best use of experts' time and resources
- Avoid duplication and overlap of work
- Lower costs to membership and to ITU
- A bad structure will slow down or stop work
- A good structure can speed up work

# Getting involved

- Global standards are only truly global if developing country needs are taken into account
- Regional preparatory meetings are a proven platform for the development of successful proposals
- Regional groups should coordinate local proposals
- A TSB Circular letter will be issued in July requesting membership to nominate candidates for Chairmanships/Vice-Chairmanships
- How to send in contributions:
  - Electronically: email, web (preferred)
  - Paper copies: by post, fax
- Deadlines for submission:
  - Sooner the better
