# Accelerating the ecological transition with ADEME

Julia MEYER - Sustainable IT Engineer  
Circular Economy Department – ADEME

# French Agency for Ecological Transition – ADEME

# Build common methodologies to assess the environmental impacts of digital technology

## 1. Legislative context: an increasingly strong will from French legislators

- ▶ Anti-waste law for a circular economy (AGEC) - 2020

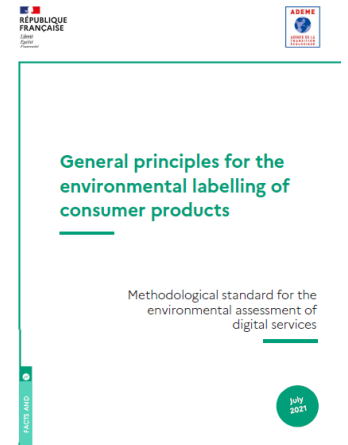

- Inform consumers about the environmental impacts of products/services when purchasing
- Encourage manufacturers/distributors to improve the environmental performance of their products/services
- ▶ Law to reduce the environmental footprint of digital technology (REEN) - 2021

## 2. Standards must be based on LCA

- Life cycle analysis (LCA)
- Multi-criteria methodology

## 3. French methodological standards for the environmental assessment of Digital Services

- Digital Services
- Internet Service Provision
- Datacenter and Cloud Services
- Enterprise Local Area Networks
