

Masa Qzaih

Bio

Masa Qzaih, is a 22 years old palestinian computer engineering student, a volunteer and a member in IEEE Women In Engineering, is currently a swift developer intern at one of Palestinian's best Software companies, Asal Technology. Masa has been a chairwoman for the Women In Engineering An- Najah National University's Affinity Group and was able to be chairwoman of the first conference in Palestine to join all the female young students from all universities.

Masa is a Delegate in Model United Nations' club in An- Najah National University and is interested in Human Rights and empowerment especially for young female girls.

Also Attached in the email a photo of me :) if its not appropriate tell me i will search for another one but that was the easiest to access. Thank you so much for your collaboration.
