

Maysam Bukamal:

Bio

My name is Maysam Bukamal I am a student taking the IB diploma at Abdulrahman Kanoo International School, currently acting as the Assistant Director of one of the biggest MUN's in Bahrain. I'm in the process of planning another major MUN event, which will take place in 2021. I will also be hopefully acting as the Secretary General of the MUN by then.

With regards to specific Model United Nations participation, I have over 10 experiences across many schools in Bahrain as a delegate and as a chair. Having also won multiple awards and also received the best chair award in my first chairing experience.

Other than that, I have taken great interest in various extracurricular activities, which has allowed me to enhance my leadership skills and develop personally. I look forward to seizing every opportunity I can find in order to assure myself a bright future.
