Digital Champions

I'd like to learn how to help others get online

Search the website

"I needed a proper beginners computer course - then I found the Learn my way website. Even once you've got the basic online skills, there's still plenty in there to learn! I do all my shopping and banking online now. I'm still learning - I don't think I'll ever stop - but I'm not afraid of the computer anymore. Once you've made that first step, the world really is your oyster."

Online Basics

Learn how to use computers and the internet.

Online Plus

Learn further digital skills and gain more confidence.

Using Facebook
