

SUNIL KUMAR SINGHAL
ADVISOR (Broadband and Policy Analysis), TRAI

Sunil Kumar Singhal, Advisor, Telecom Regulatory Authority of India has more than 24 years of experience in telecommunication and broadcasting sectors.

In his present capacity, he is handling the policy and regulatory issues relating to Broadband Services and interconnection of networks. Before this, he was instrumental in the Digitization of the Cable TV networks - connecting more than 100 Million homes. Before joining the TRAI, he was working in the licensing division of the Department of Telecommunications, the Government of India.

He has varied experience of policy making, licensing, regulation, planning, operations and management of telecommunication and broadcasting services. He is a regular speaker on various industry forums, and international conferences.

He holds a bachelor's degree in electronics and communications engineering from Jodhpur University, and MBA degree from FMS, University of Delhi.
