Digital Integration for Western Balkans and RCC activities in the area of cybersecurity

Pranvera Kastrati

Senior Expert on Economic & Digital Connectivity

Regional Cooperation Council

Limasol, 28 November 2018

Main framework for Digital Integration

- MAP REA;

- DA for Western Balkan;

- WB strategic framework for digital integration;

Digital Integration-key achievements by London

- Digital Agenda for WB

- High-level regional policy dialogue on WB digital transformation - WB DS

- Commitment to reduce roaming prices (intra WB and WB-EU);

- Strengthened cybersecurity capacities

- WB Integrated in EU programmes & initiatives; TA for digital projects within WBIF

- Annual ICT regulatory dialogue WB6-EC launched

Digital integration deliverables - from London to Poznan

- Maintained high-level regional dialogue on digital transformation of WB - WB DS2019;

- Lowered roaming costs for full coverage of WB6 - New RRA signed during DS2019;

Other deliverables:

- Advanced Implementation of WB Digital Agenda;

- Strengthened cybersecurity capacities and information exchange; and

- Sustained regular ICT regulatory dialogue between WB-EC.

Cyber security - RCC support and activities

1. WB CSIRTs networking and strengthened cybersecurity capacities;

2. Maintained regional cooperation in cybersecurity;

3. Regional analyses and assessment;

4. Future RCC support:

   1. DA implementation;

   2. Sustained regional cooperation in cybersecurity

5. IPA 2019 package – CB project on cybersecurity.

Thank you!
