

DIGITAL YOUTH FORUM

23RD OF MAY 2019
COPERNICUS SCIENCE CENTER
WARSAW

Digital Youth Forum 2019

FOR THE FOURTH TIME!

Digital Youth Forum (DYF) is an event designed for youth, by youth and about youth on creative and innovative uses of new technologies and online safety. It addresses young people who are already aware they can change the world as well as those who need support in developing their potential. DYF is a meeting of experts and inspiration seekers, creators and consumers, activists and dreamers.

DYF is organized by Empowering Children Foundation with Orange Foundation as the main partner and Facebook as the strategic partner. The initiative is supported by European Commission.

behind the scenes insights on speakers' successes and failures

networking and meeting new people

interactions between speakers and the audience

What I liked the most... young participants about DYF 2018

learning practical tools to start and develop initiatives

personal experiences of the speakers, attractions during breaks

feeling inspired to try new things

diverse topics and stories

OBJECTIVES

- to promote creative use of new technologies and online safety
- to foster creativity, innovation, and efficacy in the field of new technologies and the internet
- to empower, inspire and motivate
- to introduce role models and mentors
- to provide opportunity for collaborations and networking
- to support youth activism that incorporates online tools and new technologies

SESSIONS AND SPEAKERS

DYF consists of three 90-minute long sessions. During each session there are 5 presentations. Speakers are young people, who use new technologies in a creative and inspiring way. They share their stories and ideas, introduce new ways of thinking, model overcoming of challenges. We also invite exceptional adult speakers – leaders and do-ers whose experience and career path can be motivating for young people. One of the sessions is devoted to international speakers and translated to polish.

The event is live streamed and recorded, videos are made available online.

PARTICIPANTS

420 teenagers (aged 14 to 17) and up to 50 professionals who work with youth. DYF is a nationwide event, last year edition gathered youth from 12 cities. Registration is open for individuals and groups.

SOCIAL SPACE

Latest technologies, virtual reality, coding, robots, 3D printers and many other attractions await participants in the exhibition area.

Breaks

There are two 50 minutes breaks each during which participants take part in mini workshops, mentoring sessions with experts, and have an opportunity to experiment with new technologies in the exhibition area (such as Oculus Rift, 3D printers, programming robots etc.). Breaks are organized in such a way as to facilitate networking, interaction and exchange of experiences. It's also time to recharge batteries (vegetarian refreshments will be provided) and listen to DJ at the DYF Cafe. The event is plastic free. Live stream continues with interviews and additional materials.

Local events

Live stream allows schools all over Poland to organize a local DYF event in their institutions. Organizers of local events receive event scenarios and materials for the participants. Empowering Children Foundation cooperates with many schools all over the country.

Over 8000 students participated in the local events during DYF 2018, this year the number is expected to reach over 10000!

Programme

8:30 - 9:30	Registration
9:30 - 9:50	Welcome
9:50 - 11:20	I Session
11:20 - 12:10	Break
12:10 - 13:40	II session (with translation)
13:40 - 14:30	Lunch break
14:30 - 16:00	III Session
