

ITU Regional Development Forum for Europe

5G Techritory 2023

Riga, Latvia | 18-19 October 2023

Dear Sir/Madam,

ITU Office for Europe, in partnership with 5G Techritory, is delighted to extend a formal invitation to you and your esteemed organization to join us at the **5G Techritory 2023**, which will take place on 18-19 October 2023 in Riga, Latvia. The highlight of this year's edition will be the **2nd Special Session of the ITU Focus Group on metaverse** on 18 October.

The 5G Techritory platform aims to bring together key players in 5G development, fostering a robust and aligned 5G Ecosystem in Europe and beyond. The event will be conducted in a phygital format, combining physical and digital elements, with speakers and VIP guests attending in person in Riga while being streamed online to thousands of viewers worldwide. This year's event will feature comprehensive content, focusing on the theme "5G in Action," covering topics such as the technical readiness and use cases of the Metaverse, Cybersecurity aspects of 5G, 6G research and development, Open RAN deployment, and Digital legislation.

5G Techritory is organized by the Electronic Communications Office of Latvia, powered by the Investment and Development Agency of Latvia (LIAA) and the European Regional Development Fund, in cooperation with the International Telecommunication Union, within the framework of the ITU Regional Initiatives for Europe. 5G Techritory strategic partners include the Ministry of Environmental Protection and Regional Development of the Republic of Latvia, LMT, the Nordic Council of Ministers and the Nordic Council, and the Digital Accelerator of Latvia.

Onsite and online registration is available [here](#). Due to the limited number of available seats, we encourage you to register at your earliest convenience to secure your onsite spot. Should you have any questions or require further information, do not hesitate to contact us at eurregion@itu.int

We look forward to meeting you at the 5G Techritory in Riga, Latvia.

Sincerely,

Jaroslav K. PONDER
