# Study Groups

- ❖ The work of the Study Groups is governed by the **ITU-R Resolutions**, in particular Resolution ITU-R 1, and **WRC agenda items** requesting preparatory studies
- ❖ The studies are driven by Contributions from the Membership.
- ❖ Each Study Group carries out studies, adopting Recommendations and Questions, as well as approving Reports, Decisions, Opinions and Handbooks, on radiocommunication matters under its mandate.
- ❖ These are the technical, operational and procedural bases for decisions taken at WRCs and for efficient use of the radio spectrum and the geostationary-satellite orbit.
