ITU World Radiocommunication Seminar

Harmful Interference to Terrestrial Services (HITS) System

7-11 December 2026, Geneva, Switzerland

Procedure to resolve infringement / harmful interference cases (Radio Regulations Art.15)

- Appendix 9/10 (RR15.19, RR15.27)
- Cooperation between Administrations
- Investigation / Monitoring campaign
- Information about the actions taken

- If necessary, inform the BR (RR15.41);
- If bilateral action failed, request BR for assistance (RR13.2, RR15.42)

Communication issues (Post, Fax, E-mail)

01 Duplications of communications / reports

02 Delays in delivery / acknowledgment

03 Temporary technical problems with fax machine / email address

04 Changes in Administrations' name/address/responsible person

05 Missing / lack of data

06 Manual work is usually needed to capture the information from reports (handwritten, customized reports, etc.)

The above difficulties necessitated migration to a web-based platform for Harmful Interference information access and reporting.

Harmful Interference to Terrestrial Services system (HITS)

A web-based platform which will enable administrations (authorized users only):

01 to consult the archive of its communications being exchanged with the BR

02 to submit new Appendix-9 or Appendix-10 reports (by one of several options: e-form, pdf, docx, xlsx)

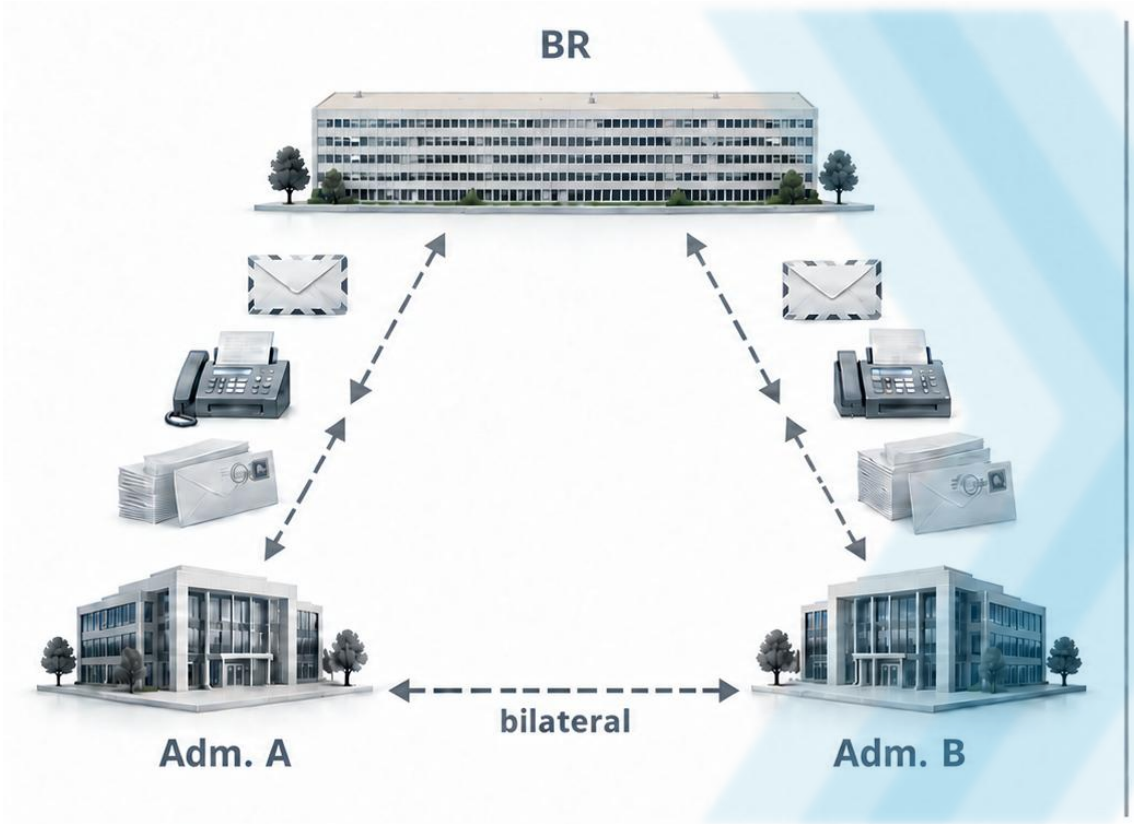

03 to provide supplementary information (letters, measurement results, maps, etc.) concerning a case of infringement or harmful interference

04 to receive the information requiring their attention/action
