Coordination of Satellite Networks

- Section II Article 9
 "Procedure for effecting coordination with or obtaining agreement of the other administrations"
- Contains (almost) all cases (forms) of coordination for satellite networks (GSO and Non-GSO), earth and terrestrial

Coordination is an obligation !

 for the administration wishing to assign a frequency to a station

 for any other administration whose services might be affected (No. 9.53)

Application of No.9.53A ?

the treatment by the Bureau of comments in respect of a coordination request under Nos.9.11 to 9.14 and 9.21

- <u>Article No. 9.52</u> disagreements to be submitted by administrations within **4 months** of the date of publication of the BR IFIC
- <u>Article No. 9.52C</u> absence of disagreement within the **4 months** period means agreement !!

Coordination under No. 9.53A

Coordination under No. 9.53A

Form of Coordination Provision

Coordination under No. 9.53A

Form of Coordination Provision

reminder! resolves 2 of Resolution 55(Rev. WRC07)

As from 17 November 2007, all disagreements submitted to the Bureau pursuant No. 9.52 in respect of coordination requests under 9.11 to 9.14 and 9.21/A,B,C are to be provided in electronic format created by SpaceCom.

SpaceCom

An application designed to assist administrations in the management of the objections under No.9.52 on CR/C Special Section concerning request for coordination under 9.11 to 9.14, 9.21 and RS33#2.1 and their treatment under 9.53A

Using SpaceCom

An Administration **not identified** by the Bureau, considers that the satellite network in Special Section may affect its own frequency assignments, it can **request to be included in** the coordination procedure by providing **additional information** justifying this request Using SpaceCom An Administration can confirm or cancel, within the regulatory four-month period, the need for entering into the coordination procedure with the (notifying) administration responsible for the network published in the Special Section

Using SpaceCom

The Bureau collects all comments received from potentially affected administrations, merges all comments relating to a particular **CR/C** and publishes in **CR/D** Special section
