*: choosing S (only available in e-submission) means you wish to resubmit the notice without providing any update of coordination status with affected administrations or the list of coordination status of affected satellite networks. Notifying administration may wish to resubmit with only a letter in .pdf or .doc formats (e.g. no change or updates of a few Administrations agreements). If the resubmission requires update through databases, please select A, M or L.

** : choosing A means you wish to resubmit with update of coordination status with affected administration.

*** : choosing L means you wish to submit only the list of coordination status of affected satellite networks.

**** : choosing M means you wish to resubmit with update of coordination status with affected administration and the list of coordination status of affected satellite networks.

.

Please note that, if technical characteristics of the satellite network are changed, a new examination with a new date of receipt may apply
